Rural Utilities Service

# 2025 Distance Learning and Telemedicine Grant is Now Open

Deadline to Apply: March 6, 2025

This program provides grants to encourage and improve telemedicine and distance learning services in rural areas through the use of telecommunications, computer networks, and related advanced technologies to be used by students, teachers, medical professionals, and rural residents. Grants are for projects where the benefit is primarily delivered to end users that are not at the same location as the source of the education or healthcare service.
