

Justice is Now Digitally Connected

How Iron Bow and Cisco Connected Justice offerings are helping governments advance equitable and inclusive access.

The Challenge

Government judicial systems and correctional facilities were thrust into the digital era with new challenges yet new and innovative ways to serve the community.

The Solution: Cisco Connected Justice Offerings

Iron Bow and Cisco Teaming Up to Deliver Vendor-Agnostic Solutions

Courtroom & Government Solutions

- **Next Generation Courts for Webex**
Meet unique courtroom operational requirements with multi-channel audio, centralized controlled view for attendees, and dynamic side role-based breakout rooms.
- **Virtualize Officers & Services for Courts**
Harness an easy-to-use interface incorporated directly into any government website or portal, enabling direct and personalized access to services and people.

Corrections Solutions

- **Virtual Visitation, Scheduling, & Comms Platform**
Leverage a tablet device with Webex to enable deployment of a secure, virtual visitation, monitoring, and educational solution that connects incarcerated people with the support networks they need.
- **On-Premises Virtual Visitation Solution**
Deploy virtual visitation using the Webex encrypted platform and Cisco devices for facilities requiring on-prem solutions with cloud-based connections.

Rehabilitation and Supervision Solutions

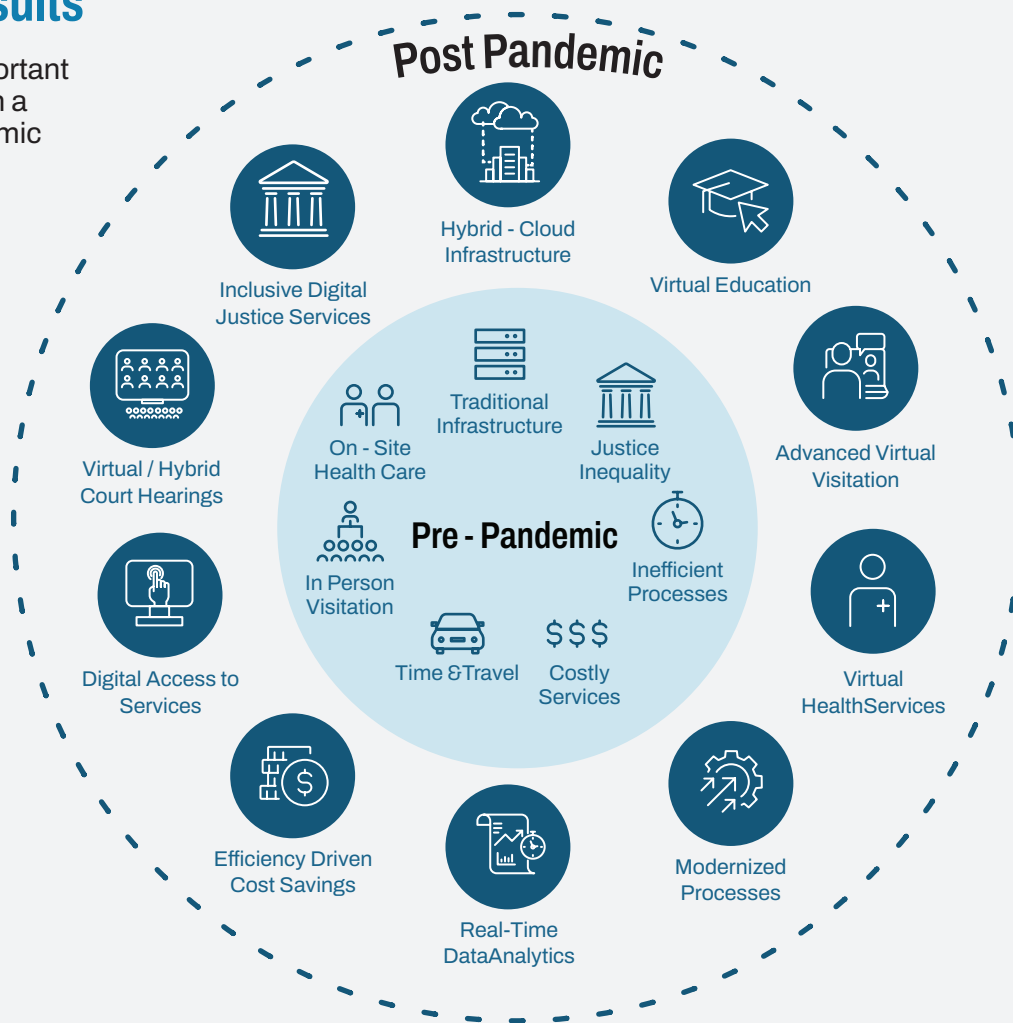

- **Case Management and Rehabilitation Platform**
Provide access to instant communication and therapeutic resources utilizing the secure Webex platform. Advanced case management platform with real-time GPS tracking, monitoring, and check-ins.
